Note: Rev. Carole Martignacco is a Canadian UU minister.

Family Activity

Take some time as a family to try to solve the classic “Nine Dots” puzzle. Play it to illustrate the ways that imaginations help us “think outside the box.” Ask your children how they tried to solve it.

Paper and Pencil it: just create 9 dots on a piece of paper and watch the video to learn the rules.

The Solutions: There are a variety of solutions if you think outside the box. Check them out at <https://www.artofplay.com/blogs/articles/history-of-the-nine-dot-problem>

Family Movie

Hidden Figures - The story of a team of female African American mathematicians who served a vital role in NASA during the early years of the U.S. space program.
